## COLOR MATCHING

We offer color matching service for your new designs and ideas. Certain minimum quantities and other requirements may apply depending on specific needs.

## CUSTOM COLOR MATCHING POLICY

After receiving a sample of the custom color needed, Plastiglas de Mexico will search in its color bank for identical or very close matches to avoid development costs.

If a satisfactory existing color is unavailable, we will match the particular color. The color development process requires approximately 2 to 3 weeks lead-time depending on our backlog. To initiate the color development process the minimum volume required is 60 sheets in 48"x96" of 0.118" and one full pallet for other sizes and thicknesses. For subsequent orders of the same item, the same color in the identical size and thickness will require minimum production run.

Please refer to your current Custom Colors Price List

Cancellation Policy: An approved matched custom color order cancellation is subject to a 100% cancellation charge.

Custom Color match fee is \$150.00 USD\$ per color.
